

### **Classic Cars Southeast Salutes An American Hero**

Joseph Morra has the honor of placing a “SOLD” sign, on this beautiful 1969 Mustang Mach 1 he just purchased at Classic Cars Southeast. Joseph is in the military and has a 15 year career that goes all the way back to his Middle East experience in the early 90’s, when he served there as a U.S. Marine Corporal. Now, as an Army Warrant Officer, he has responsibilities as platoon leader assigned to a Black Hawk Helicopter squadron. These duties have, once again, taken him for another tour in the Middle East. Classic Cars Southeast management and staff wish to express their gratitude to Joseph and pray for his safe and speedy return home to his family and friends.

Joseph will miss all the classic car activities here in the states and he would love to stay in touch with the car enthusiasts back home. Anyone desiring to chat with him about all the activities he is missing, or his current involvement in the Middle East operation, can do so via e-mail at [joseph.morra@us.army.mil](mailto:joseph.morra@us.army.mil).
